## No Recording of Ultrasound Acknowledgement

Dear Patient and Family,

We understand Ultrasound is a very meaningful personal moment you may want to share with your friends or loved ones. However, it is our office policy **“No Cameras, No Cell Phones, or Video allowed during ultrasound exam”**. Our sonographers are unable to conduct medical care while being recorded.

Our experienced Sonographers have you and your baby’s interest at heart and will take the time to explain the procedure and provide reassurance while performing your scan.

For patients who are unable to comply with this policy, we reserve the right to discontinue the ultrasound and ask the patient to re-schedule their appointment.

understand Cameras, Cell phones and Video recordings **are not allowed** in the ultrasound room. If I or my family/friends fail to comply with office policy, it is possible my visit may end, and I will be asked to re-schedule the appointment for a different day.
